If you are enthusiastic about 12 cylinders and a rumble seat - or if you just like classic, shiny things in beautiful colors - you should not miss this. The Blackhawk Museum was established in 1988 to ensure that significant automotive treasures blending art, technology, culture and history would be exhibited for public enjoyment and educational enrichment. Today there is a century of cars on display, from a 1906 Cadillac to such unforgettable names like Hispano-Suiza, Duesenberg, Delahaye and all the Aston Martins and Ferraris you ever dreamed of. All this in a 70,000 square-foot architecturally stunning showcase.
